

Cleo

A 20ft flat-roof expander — full kitchen, full bathroom, flexible 1-3 bed layouts, delivered ready to connect.

Australian engineered for Australian conditions. The Cleo arrives as a single 20ft unit and expands on-site into 36m² of living space — finished inside and out, with insulated walls, double glazing and WaterMark-certified plumbing. Flat roof standard with a 2.2m ceiling, 2.4m available as an upgrade.

02 · CONFIGURATIONS

Configure it your way.

01**1 BED**

Single-bedroom layout with generous open-plan living. Ideal for couples, weekenders, or rental studios.

02**2 BEDS**

Two bedrooms with shared bathroom — great for small families, granny flats, or Airbnb setups.

03**3 BEDS**

Three bedrooms — a full family footprint in just 20ft. Flexible zones for kids, guests or a home office.

Bright, considered finishes.

05 · INTERIOR

02 · FLOOR PLANS

Inside the Cleo.

Three flexible layouts from a single 20ft footprint — pick the configuration that suits your block and your lifestyle. Open-plan kitchen, dining and living shares the footprint with up to three bedrooms and a full bathroom.

Frame & Structure

FRAME	Heavy-duty galvanised structural steel — corrosion-resistant and load-rated for transport & placement
PURLINS	Reinforced galvanised steel purlins and floor chassis
WALLS	Insulated sandwich panel wall system — bamboo fibreboard interior lining available as an upgrade
INSULATION	Sandwich panel system delivers integrated year-round thermal performance
FLOOR	PVC vinyl or SPC hybrid over a high-density fibre-cement subfloor — moisture-resistant and acoustically dampened
ENTRY	Thermally broken aluminium sliding door — toughened double-glazing with UV-resistant tinted coating
WINDOWS	Thermally broken aluminium awning windows — toughened double-glazing with UV-resistant tinted coating

Electrical & Plumbing

LIGHTING	Surface-mounted or recessed downlights throughout
WIRING	Certified copper cabling sized for primary feed, a dedicated A/C circuit and general power circuits
MAIN SWITCH	Heavy-duty main isolator with dedicated lock-out
CIRCUITS	Dedicated RCD/MCB protection across every circuit
SOCKETS	Double-pole powerpoints with integrated USB-A and USB-C charging
HOT & COLD	Pre-plumbed to kitchen and bathroom, terminating in threaded brass inlets
GREY WATER	50mm PVC line to a single outlet point
WASTE	100mm PVC line exiting through the wall with a P-trap

Ready when you are.

Request a quote with your preferred configuration and finishes. We'll confirm availability, delivery schedule, and site requirements — usually within 48 hours.
